About Nathaniel's Hope

It all began with a little boy named Nathaniel Timothy Kuck... "A Treasured Gift of God," who was born prematurely on June 6, 1997 with multiple special needs, including Duodenal Artesia and Craniosynestosis. He was said to have an undiagnosed syndrome. Surgeries, therapies, sickness, and hospital visits all became a normal part of his life.

After proving himself to be "a miracle boy," beating the odds by overcoming many physical obstacles and challenges, on November 13, 2001, at an early age of 4 years old, Nathaniel relocated to 777 Heavenly Lane. His purpose on this earth had been fulfilled and he returned home to his Creator. In Heaven, he is no longer physically restricted, bound by surgeries, feeding tubes or braces, and is free to run on the streets of gold.

Nathaniel taught us that each life has value and purpose. What may appear to be imperfect in the eyes of humans, is perfect in the sight of God. He taught us the meaning of "unconditional love" and perseverance, and was a great showcase of God's faithfulness. His captivating smile and the simple joy he brought to all who entered his world were God's special gifts.

His memory will always be cherished. His little handprints and the lessons he taught us will be imprinted on our hearts forever. We miss "little man's" smile and his presence in our home, but the memory of his life propels us to fulfill God's purposes after his death.

Through his death, we hope to bring encouragement and life to others. Our desire is that our programs offer practical support to special needs families and equip others to bring HOPE to these families who so desperately need it.

Sharing hope,

Tim + Marie
